

The AUTOPA Lamp Post Protector

The AUTOPA Lamp Post Protector is ideal for busy car parks. Designed originally for a major supermarket chain, this post protector will shield lamp posts and other fragile car park furniture from vehicle damage.

Manufactured from galvanised mild steel, the protector sits at a car's bumper height and is designed to withstand the knocks and bumps that will inevitably occur.

Available ragged only, these barriers can be coated in any RAL colour as required. RAL/BS codes must be specified at time of order. Sold singularly.

Options

Order Code	Description	Weight
138 177 683	Lamp Post Protector (Galvanised)	17.6kg
138 177 682	Lamp Post Protector (Galvanised and Colour)	17.6kg
