

## Palisade Fencing

Generated on 02.10.2017

### Detailed description

Palisade fencing available for applications requiring a high level of security and vandal resistance. Secured by Design.

It is suitable for schools and industrial sites because of its high damage resistance, and is difficult to climb.

Available in 'W' section for higher security applications and 'D' section for medium to low security applications. The fence can be supplied with a galvanized finish or galvanized and powder coated green or black, with a range of other colours available on request.

### Applications:

- Utilities and industrial units.
- Perimeter fencing, high and medium security.
- Airports.
- Retail.

### Product guidance - As Standard

#### Width:

2750 mm (17 pales per bay).

#### Post section:

102 x 44 mm.

#### Rails:

50 x 50 x 2.75 mm.

### Options

#### Size:

- Fence heights available include: 1.5, 1.8, 2, 2.1, 2.4, 3 and 3.6 m.
- 'W' section: 2–3 mm, depending on fence height.
