

Pro Sure Fencing

Generated on 02.10.2017

Detailed description

The mesh is a 75 x 12.5 x 4 mm fabric (commonly known as 358 mesh) and these very small apertures mean it's not possible to get a finger or toe hold for climbing, or get access with a cutting tool. A range of heights are available up to 6 m; posts are hollow steel sections with the mesh overlapped and secured with full length clamp bars and security fixings. Finished in a wide range of standard RAL colours. Non-standard colours are also available.

Applications:

- Perimeter - medium or high security.
- Utilities.
- Warehousing.
- Airports.
- Retail.
- Industrial units.

Product guidance - As Standard

Width:

2250 mm.

Height:
