

Pro-twin Fencing

Generated on 02.10.2017

Detailed description

Mesh fencing manufactured with heavy duty twin-wire welded mesh, 200 x 50 mm. Twin horizontal wires at each intersection give a rigid but flat profile, with vertical wires at 6 mm and horizontal wires at either 6 or 8 mm, depending on the height and site application.

Heights available between 1–5 m. The mesh and posts are galvanized and polyester coated to a wide range of standard RAL colours. Non-standard colours are available upon request. Secured by Design.

Matching swing or sliding gates can be supplied.

Applications:

- Utilities and industrial units.
- Sports and recreation.
- Perimeter, medium security.
- Schools.
- Retail and warehousing.

Options

Height:

Various sizes including: 1.2, 1.8, 2, 2.4, 3, 4, 4.8 and 5 m are available.
