

## Pro-vario Fencing

Generated on 02.10.2017

### Detailed description

Pro-vario mesh fencing is a high quality system in the style of industry-standard Paladin fencing. It has the strength and durability of the Pro-mesh system, but with added visual appeal from a vertical banded pattern. Mesh size: 45 x 22 mm.

Suitable for medium security levels and available in 1.2 and 3 m heights. Posts are hollow steel tubes, with panels manufactured from galvanized steel and polyester powder coated in a standard green RAL 6005. Non-standard colours are also available.

Matching swing or sliding gates can be supplied.

### Applications:

- Utilities and industrial units.
- Boundary demarcation.
- Perimeter, medium security.
- Schools.
- Warehousing.

### Options

#### Height:

Various sizes including: 1.2, 1.8, 2, 2.4 and 3 m are available.
