

ENSURE YOUR BLOCK PAVING STAYS LOOKING LIKE NEW AND IS EASIER TO MAINTAIN

Protect the value of your brand new area of block paving with **PICSEAL**.

If your paving was laid before you moved in, or perhaps it's just that you never really thought about long term maintenance, **PICSEAL** is the answer.

Wind and rain and the passing of time cause maintenance issues to block paved driveways. Weeds establish themselves through the smallest gap. Your once proud paving now looks in need of attention.

You need the ultimate protection that **PICSEAL** can offer.

**PICSEAL** is a well proven treatment that actually increases the life span of your paving. We will clean your paving with meticulous care and apply weedkillers as necessary. The block paving is then carefully re-sanded.

When all the preparations are complete the **PICSEAL** is applied, you can use your paving a day later.

It's like having brand new paving!

ULTIMATE PROTECTION

ULTIMATE PROTECTION

“PROTECT YOUR NEW DRIVEWAY, OR MAKE IT AS GOOD AS NEW”

**PICSEAL** protects your block paving driveway, patio or path, keeping the jointing sand in place. It is a specially formulated sealer designed to penetrate the jointing sand and enhance any area of concrete paving, giving a “wet look” matt or gloss finish.

**PROTECTS**

**PICSEAL** helps minimise the effects of dirt and stains and also inhibits weed growth.

- minimal maintenance
- oil resistant surface
- fast efficient installation
- stain resistant
- inhibits weed growth

**SEALS**

**ENHANCES**

**ULTIMATE PROTECTION**

**Protect and enhance your block paving installation...**

**PICSEAL** penetrates into your paved surfaces creating a long lasting seal that enhances the natural colours of pre-cast block paving, slabs, concrete and stone.

**PICSEAL** rejuvenates and refurbishes, bringing tired old paving back to life, and best of all - requires minimal maintenance.

**PICSEAL** is available from your local **PICSEAL** contractor.

Just fill in the reply card and pop it in the post and protect your drive, patio or path today.

Your local **PICSEAL** contractor is:

**PROTECT AND PRESERVE**
