## New AltroBead™ Technology

Giving a unique,  
soft and domestic look!

## Altro Pisces™

Wet environment safety flooring for shoes and bare feet;  
all the benefits of Altro safety flooring with the look and feel of home

## Creating homes from home

Expectations for environments where people live, such as care homes and student accommodation, are at an all-time high from those paying to be there. Cold, clinical accommodation is no longer acceptable; looks really do matter. For those providing the accommodation, particularly when it comes to wet environments, safety remains a top priority. With a Pendulum Test Value (PTV) of  $\geq 50^*$ , a soft-look finish and 16 attractive shades,

## Altro Pisces brings together the best of both worlds.

\* Slider 96 (shoes)

## Introducing our unique AltroBead Technology

Altro Pisces is the first safety flooring to be developed with AltroBead Technology. For each of the 16 shades, tiny beads in three carefully selected hues are blended and evenly distributed into the flooring on top of the base colour. The result is the consistent, soft appearance that you would expect and want from domestic interiors. The subtle blend of four colours in each shade makes matching or choosing walls and fixtures much easier and allows a different, and more personal, touch within block accommodation, even if the same flooring is chosen for each.

## Uncompromising performance

The beauty of Altro Pisces is that it allows you to bridge the gap between

## high-performance safety flooring and demands for domestic-style flooring.

Altro Pisces' nature-inspired shades and soft finish give a high-end look for spas and residential use where people want to feel relaxed and not conscious of the fact they're walking on safety flooring; it shouldn't cross their minds. Altro Pisces enables people to take their safety for granted. This also makes it the perfect choice for home adaptations, where keeping vulnerable users and their carers safe is paramount. Being able to put Altro safety flooring into a home environment helps maintain independence, playing a role in keeping someone in their own home for as long as possible.

To make it easier for carers and cleaning teams, Altro Pisces contains Altro Easyclean Maxis PUR™ Technology so cleaning is an easier and quicker job.

## Superior slip resistance

Altro Pisces provides slip-resistance of one in a million against common contaminants found in wet environments including shampoo, conditioner and shower gel\*\*.

It provides a high level of slip resistance whether wet or dry, putting less pressure on maintenance teams to keep the flooring dry. This means that carers can focus on bathing, drying and dressing residents without having to worry about them or their patient slipping.

With the product durability you would expect from Altro, Altro Pisces maintains its slip-resistance throughout its lifetime, making it resistant to wear and tear from shoes yet developed to go easy on bare feet.

\*\* Sliders 96 (shoes) and 55 (bare feet)

## Timeless shades

Convey neutrality, cleanliness and class with white and greys

Jellyfish SB2005  
WR388 / A1M388 / LRV 46

Lighthouse SB2001  
WR291 / A1M01 / LRV 70

Porthole SB2007  
WR390 / A1M390 / LRV 30

Anchor SB2008  
WR391 / A1M82 / LRV 16

## Colours can spark a range of emotions.

Altro Pisces' shades have been developed with comfort, warmth and relaxation in mind to make the bathing experience more enjoyable and avoiding the clinical feel that some home-from-home environments create. Inspired by nature, the 16 appealing tones offer design choice without compromising on safety.

## Warming hues

Create comfort with yellows, red and browns

Fisherman SB2009  
WR392 / A1M392 / LRV 48

Breakwater SB2003  
WR386 / A1M20 / LRV 42

Cuttlefish SB2002  
WR385 / A1M385 / LRV 50

Shoreline SB2006  
WR389 / A1M389 / LRV 38

Driftwood SB2004  
WR387 / A1M387 / LRV 32

Starfish SB2010  
WR393 / A1M393 / LRV 21

## Relaxing tones

Soothe and calm with blues, green and purples

Seahorse SB2011  
WR394 / A1M394 / LRV 47

Windbreak SB2016  
WR399 / A1M399 / LRV 38

### Specialist products for specialist solutions

For detailed information about choosing, installing and maintaining solutions for wet environments, we have further guidance on our website.

Please visit [www.altro.co.uk/Altro-Pisces](http://www.altro.co.uk/Altro-Pisces) to find out more.

**i** WR = weld rod, A1M = mastic,  
LRV = light reflectance value

Typical applications:

**Bathrooms. Showers. Wet environments in social care; home adaptations, social housing. Student accommodation. Swimming pool surrounds. Saunas. Spas. Changing rooms<sup>†</sup>.**

<sup>†</sup> In changing rooms where spikes and studs are used, we recommend Altro Atlas™ 40

## A complete solution

Altro Pisces has been designed to fit perfectly with Altro Whiterock hygienic wall cladding, forming a sealed, watertight system for enhanced safety and hygiene. Combined with the smooth appearance of Altro Whiterock Satins or Altro Whiterock Digiclad, it creates an impressive high-end look and allows tailored designs, resulting in exactly the look and feel required.

### Looks great with:

- Altro Whiterock White™
- Altro Whiterock Satins™
- Altro Whiterock Chameleon™
- Altro Whiterock Digiclad™
- Altro Suprema™
- Altro Wood Safety™

For specialist locations such as kitchens, canteens and food preparation areas, where grease, oils or fats may be present, we recommend Altro Stronghold™ 30.

### Sustainability

In line with our commitment to sustainability, Altro Pisces is manufactured using responsibly sourced materials. It is 100% recyclable post-installation which means any off-cuts can be recycled through the Recofloor™ scheme. Clean off-cuts can be collected free of charge from dedicated collection sites around the UK and sent to be recycled into other PVC products, reducing waste sent to landfill.

**For more information about Altro's recycling initiatives, please see [www.altro.co.uk/recycling](http://www.altro.co.uk/recycling)**
