

## Pro-twin Fencing

PCD19

The mesh aperture for this heavy duty twin-wire welded mesh is 200 x 50mm. Twin horizontal wires at each intersection give a rigid but flat profile, with vertical wires at 6mm and horizontal wires either 6mm or 8mm depending on the height and site application.

Height starts at one metre and goes up to 4m. Finish of mesh and posts is galvanised and polyester coated to a wide range of standard RAL colours. If non-standard colour is required, we're easily able to provide this.

*Matching Swing Gates or Sliding Gates can be supplied.*

## Applications

Utilities
Sports & Recreation
Perimeter—medium security
Schools
Retail   Warehousing
Industrial Units
