

**The PROCTER High Visibility Low Level Protection Rail**

The PROCTER range of Hi-vis products are ideal for providing High Visibility protection in both internal and external warehousing environments. All products in the range are galvanised mild steel, ensuring their longevity and are designed to take the knocks and bumps that occur in all warehouses.

The Low Level Protection Rail is made in 76mm outside diameter tube, is coated yellow with black reflective bands and is available in 500mm, 1,000mm & 2,000mm long versions (500 & 1,000 versions shown). The product is designed to be located in any location where a physical barrier is required to protect machinery, racking or similar.

**Product Range**

Order Code	Description	Weight
138177905	500mm	4.0kg
138177910	1,000mm	6.0kg
138177915	2,000mm	12.0kg

**Accessories & installation parts**

138100994	M12 Expanding Bolt (4 required per rail)
