a **Forterra** brand

Nori

Clay Paving

Formpave has reintroduced this heritage brand to provide a cost effective and sustainable solution for modern buildings.

The naturally environmentally friendly qualities of clay make it the perfect material for pavers and with ease of use on-site, once installed our pavers are simple to maintain.

The Nori collection is a solid, reliable, rectangular paving range available in three colours, all ideal for rural and character properties and for those looking for a beautiful finish. Paving is available in 65mm thickness as standard.

For further advice regarding your project you can contact us on
01594 836 999 or email **sales@formpave.co.uk**.

Sherbourne Red

Rushmere Brown

Specification

Plan Size (mm)	Thickness (mm)	Area per pack (m ²)	Blocks per pack	Pack weight (tonne)
200 x 100	65	9.28	464	1.3
Clay blockpaving - Manufactured to: BS EN 1344:2013				
Finishes Wirecut/Chamfered				
Applications Residential & commercial projects, including driveways, access roads, car parks & trafficked areas				

Although every effort is made to ensure consistency of product colour, variations between production batches can occur. Formpave recommend that all products are thoroughly mixed on site by drawing from a minimum of three packs.
