

Oak Notice Boards - Our Top 10

Illustrated here are our 10 most popular oak notice board packages, comprising board, header, lettering (based on an average of 17 characters) and delivery to the majority of UK mainland postcodes. Other postcode areas may incur additional delivery costs.

Each board is hand-built by our highly skilled cabinet-makers to a design which is the result of over 30 years experience and are assembled and finished to order. Modular construction techniques use heavier timber sections than those of most of our competitors and secret dovetails result in a much more robust end product. This also means that in multi-bay boards each bay offers a fully independent, separately accessed space. All glazed boards are ventilated to minimise condensation.

In practice our "Top 10" does not mean that your choices are limited. Options including wall, post or railing-mounting, three styles of header, alternative glazing, display surfaces and finishes, mean that most will be able to find a board to fit their needs, but for those that can't, we offer our "Full Range" and also bespoke boards.

Standard Specifications
