

Cuprinol Ultimate Furniture Oil

About this product

Cuprinol Ultimate Furniture Oil is a high performance treatment for teak and other hardwood. It has a special formulation that provides longer lasting protection than traditional Teak Oil and works in three ways. 1- Waxes increase the water repellancy of the wood protecting it from the weather. 2- Oils penetrate to replace the natural oils lost through weathering. 3-The natural clear or lightly ti

nted colours enhance the grain pattern and appearance . Regular application will help prevent the wood from greying and maintain the original appearance of your garden furniture

Key Benefits

- ✓ 3 in 1 prepares, colours and enhances
- ✓ Added wax for superior water repellance
- ✓ Lightly tinted finish to nourish and enhance the wood

Special Features

- ✓ Easy application

Technical Information

Coverage

1L covers up to 24m² in 1 coat

Product Information

Typical Use

Remove excess dirt and soiling, large areas of algae, lichen, fungi or moss with a scraper or stiff brush.

Treat the surface with a suitable cleaner like Cuprinol Garden Furniture Cleaner or a fungicidal wash. For grey and weathered garden furniture use a product like Cuprinol Furniture Restorer to bring back the natural colour. Cuprinol Ultimate Furniture Oil is only suitable for use on bare or previously oiled garden furniture.
