

DRAINAGE SYSTEMS

Hygienic, strong and functional drainage systems the food industry are where we excel in manufacturing. All parts are hand crafted by our team of highly experienced engineers using sheet stainless steel in grades 304 or 316.

GRATINGS

A popular option for Food Manufacturing. This heavy duty grating is ideal for constant traffic. It's very easy to clean and therefore a great, hygienic option for food prep areas.

ACCESS COVERS

We produce 3 different styles of access cover; recessed, Vinoseal (for use with vinyl sheet flooring) and heavy duty. All are manufactured from stainless steel in grades 304 or 316.

GULLIES

We supply the biggest names in the Food industry. Our standard system includes; a built-in fall, a durable Anti-Slip grating, a trapped gully assembly with removable basket.
