STANLEY

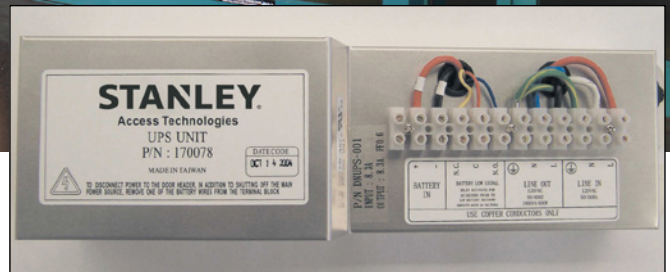

Back Up Power Supply

UNINTERRUPTED POWER SUPPLY

Uninterrupted Power Supply (UPS) provides continued operation of automatic slide doors and swing door operators for up to 1.5 hours in the event of power outages or main power failure.

- Reduces potential door package damage
- Low battery feature enables safe and secure shutdowns
- Compact design for total concealment within the header*
- UL® certified with select STANLEY door systems**
- Retrofit kits available

* Dependent on door system sizes and options

** Compatible with STANLEY automatic slide doors including Dura-Glide™ 2000/3000, Dura-Guard™ 2000/3000 and Dura-Storm™ 2000/3000

Stanley Automatic Door Systems - the safest, most cost effective solutions available today.
