

10 Reasons to use Honeywell Paging

1. Reliability

No mobile signal? No need to worry. Our Pagers work even when your phone will not.

2. Secure Messaging

A secure platform for critical messages which make it difficult to be intercepted.

3. Long Lasting Battery Power

Powered by standard alkaline battery. Making it easier to swap out if the battery is low.

4. Cost Effective

A 5YR Radio paging license costs less than most mobile phone costs per month.

5. Robust

Ever cracked your mobile phone screen? Our pagers are subjected to rigorous testing. We have the drop tests to prove it!

6. Ease of Use

No time-consuming staff training to arrange.

7. Discreet

Pagers make it possible to receive and read messages without others seeing

8. Integration

Connect to your Fire Alarm control panel to see the exact location of the activation and be able to determine if action is required.

9. Mature Technology

Paging technology is proven over the last 50 years

10. Group Communication

Easily send the same message to groups of people at the same time.
