DATASHEET

PAY STATION

Safetell's bullet resistant Pay Stations are designed to enable the transaction of cash and documents through glazing and counterwork systems, protecting staff from ballistic and manual attack and robbery. Two tray depths are available as either a Non-Voice-Box format or Passive Audio format.

MAIN FEATURES

- Both unit formats are supplied with a clear plastic access slide that is controlled by the cashier and able to be secured when not in use.
- Two tray depths are available - 57mm and 113mm
- Both tray depths available as either a Non-Voice-Box format and Passive Audio Pay Station format.
- Secured in a ballistic shot box

OPTIONAL

- Products can be supplied without the slider if required.
